Providing positive opportunities for the youth in the community.

THROUGH COLLABORATIONS WITH COMMUNITY PARTNERS

DICE is a youth led program that empowers young people to make change in the community through leadership development, peer education, and service to community.

LEADERSHIP DEVELOPMENT

At the core of the DICE Program is Leadership Development. Through this, we develop youth skills in relationship building, peer education and service.

PEER EDUCATION

DICE offers a variety of educational outreach programs including a peer theater group which touches on a number of current issues including drinking and driving, peer pressure and drug abuse. DICE has developed Teens Teaching the Truth which is an alcohol and tobacco education program to teach 4th and 5th graders the dangerous facts and effects of using these drugs.

SERVICE TO COMMUNITY

DICE participates in a number of service projects throughout the year to help promote positive change in the community. In our 12+ years of existence, DICE has organized or participated in over 1,200 events.

HOW WE DO IT

As the youth branch/voice of the East Providence Prevention Coalition, DICE's focus is to provide the youth of East Providence with healthy lifestyles through leadership development and service opportunities. We hold our events during high risk times to ensure that the youth that we are servicing have a safe haven. Our goal is to provide the youth with the life skills they need to become productive, proactive members of our community.

BECOMING INVOLVED

DICE welcomes youth in the 7th-12th grades who are interested in becoming youth leaders/advocates to empower others to make a positive impact on our community. Year round DICE meetings are held Wednesday nights from 6-8pm at City Hall. If you or any other potential youth leader you know are interested in becoming an advocate for change, please contact the EPPC office at 401.435.1923 or eppc@cityofeastprov.com
